Jackson specializes in Strings Techniques and is a multi-instrumentalist. During his time at Florida College, he worked as a music theory tutor helping piano students become performance ready, educating students on study tips and exam strategies, and motivating students while also building their self-confidence and reducing their anxiety of failure in Music Theory.

Jackson enjoys teaching music because he loves watching his students discover a new appreciation for music that they never knew. As a music teacher, Jackson believes in nurturing self-exploration and strives to help each student achieve their highest level of success as they continue to grow and learn together. *"Don't only practice your art, but force your way into its secrets."* -Beethoven
