

# Geetha Raman

**Piano Instructor Associate**

**Early Piano Instruction & Music Fundamentals**

**Beginner Piano (Ages 5–10)**

Geetha Raman's journey into music is rooted in dedication, discipline, and a lifelong passion for teaching. Her love for the piano began at age 15, and over the years, that passion has steadily matured into a thoughtful, child-centered approach to music education—one grounded in patience, clarity, and genuine care for young learners.

Geetha completed her formal piano instructors training through the Hands In Motion Music Academic Program, where she studied under the direct mentorship of Lannie Battistini, two-time GRAMMY® Award-winning pianist, producer, and founder of Hands In Motion Music School. This immersive training equipped her not only with strong musical foundations, but also with the teaching philosophy, structure, and standards that define the school's commitment to excellence.

While music is her creative heart, teaching has always been her calling. Geetha brings over four years of experience tutoring children in grades K-6, specializing in math and English. This background has given her a deep understanding of how children learn at different developmental stages, how to adapt lessons to individual learning styles, and how to break down complex ideas into simple, encouraging steps that build confidence and long-term retention.

In addition to her work with young students, Geetha offers a strong leadership background. She has successfully taught and led high-school drill teams, fostering discipline, teamwork, and performance confidence. She has also delivered structured training and coaching to hundreds of adult learners in professional environments, further refining her ability to communicate clearly, stay organized, and guide students toward measurable growth.

Geetha is especially passionate about working with young children, guiding beginners through their first musical steps with consistency, joy, and a solid foundation in music fundamentals. She is most comfortable teaching contemporary music genres, using familiar and engaging material to keep students motivated while building essential piano skills.

Completing the Hands In Motion Music Teacher Certification Program marked a meaningful milestone in Geetha's journey. It affirmed her desire to pour into the next generation through music, fostering confidence, focus, and creativity from an early age.

For Geetha, every lesson is an opportunity to inspire curiosity, encourage growth, and help children discover the joy of learning music, one note at a time.
